

Salisbury Plain Christmas Navigation

Ramble

Date: Saturday 29th December 29-12-2012

Start and Finish: The Bustard Pub (Grid Ref 0920 - 4620)

Start: 09.30am

Finish: 03.30pm

Entry Fee: £10.00 per vehicle

Maps Required: Explorer 130-131

All routes have proven vehicular rights. Some of the lanes are still signed as 'restricted byways, bridleway or footpath'. Please ignore these signs, the lanes have either already been upgraded to byway status or are going through the upgrading process.

As normal the run is completely non competitive, and is intended to educate you as to where the R.O.W actually are while enjoying a day out with like minded people.

In the unlikely event of a mechanical breakdown, you'll be recovered to the nearest hard surface road to arrange your own onward recovery. IE AA-RAC etc.

Due to the military wanting to close some of the lanes this could be your last chance to drive them before the matter is carried out. As with the last couple of Christmas Nav runs we've included a couple of 'OPTIONAL SECTIONS' which depending on weather conditions could be very wet and muddy with deep water.

As there is likely to be other groups out and about over the holiday period please make sure you maintain distance between groups of vehicles and make sure you don't pick up vehicles following your group. If this happens **STOP** and wave them on. We don't want to be accused of running convoys and massive groups of vehicles.

If you want to be included on the mailing list for future NAV runs, make sure I've got your NAME/ADDRESS/PHONE.

Emergency Phone Number: 07974 697632 (If you can get a signal)
